DEPARTS: SUN, WEDS, FRI

## An unbelievable natural experience – come visit Australia's best kept secret!

Wilson's Promontory or "the Prom" as it is affectionately known to many people, is one of Victoria's most loved and cherished natural attractions. Located at the southern most point of mainland Australia, this wildlife haven will inspire and intrigue even the most discerning traveller, with its panoramic views, pristine white beaches, coastal forests, cool climate rainforests and well preserved walking tracks. The prom is home to many marsupials, such as kangaroos and wombats, native birds and other native animals such as emus, which with a little luck you are able to see up close. The best way to explore the Prom is on foot, so you will no doubt enjoy our stroll along some spectacular tracks and be entertained by the pure white quartz 'singing sands' at Squeaky Beach.

**HIGHLIGHTS**

- ▶ **Wildlife** See the Proms' diverse native wildlife including **emus, kangaroos and more!**
- ▶ Enjoy a **rainforest walk**
- ▶ **Bush walking** Enjoy an amazing experience hiking and be astounded by Victoria's best vistas on this bush walking adventure!
